

With an appearance that makes it the natural focal point of a conference room and features that address the needs of today's presenters, this lectern defines elegant versatility. Available with a light, microphone connections and power outlets and a recess for notebook computers, it gracefully supports technology requirements. Its wide range of material options complement the other furnishings in this conference series.

Specifications

Conference Lecterns are standard with a flip top-laptop computer recess, a storage area behind the door with adjustable shelving and castors. Offered in a choice of standard and Option A Exotic woods or Faux Leather base panels with a choice of 3 metal trim finishes. All power and data connections come pre-wired for ease of customer setup.

Options – Specify:

- Wood: Maple is standard; Ash, Cherry, Mahogany and Walnut are also available. Option A Exotic woods are available for an additional charge. Add the up-charge for Option A Exotic Woods to the Standard Wood price. Note; The top and sides are always wood. Standard face and back panels are wood, but can be requested in Faux Leather.
- Front & Backs: Wood is standard. Alternate Door face options include; Faux Leather. Faux Leather upcharges are added to the Standard wood price
 - Faux Leather: Available in 3 standard table faux leathers (**Light**=DesignTex 3285-104 Cloud, **Medium**=Maharam Lariat 011 Chocolate, **Dark**=DesignTex 3285-803 Midnight), Other Faux and COL leathers are available for an additional charge. (For COL, 45 SF is required) Add the up-charge for Faux Leather to the Standard Wood price.
