Modo Collection Cavea

Side and coffee tables that nest and cluster

**Cumberland Modo Collection**  
**Cavea Table**  
 Designed by Gary Lee Partners

Evenly spaced arced metal 'ribbons' connect metal circular or oval rings at top and bottom to form the basis of Cavea's design. The arc of the ribbons can be either convex or concave, allowing opposing shapes to create a new type of nesting. Tables in multiple heights grouped together form sculptural clusters.

Glass top joins with satin base finish for a unified form

Polished base finish contrasts with veining in the stone top

Bronze base finish accentuates grace of curved base

Coffee table's scale adds drama to any room

**Specifications**

Side and coffee tables are available in welded stainless steel with glass or stone tops in a concave or convex shape.

**Options**
