Balanced transparency and tailoring

Cuff Collection Occasional Tables

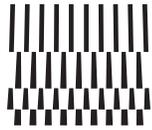

beautiful objects that work

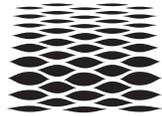

Cuff Collection Occasional Tables

Designed by Travis Clifton

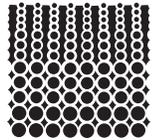

The Cuff Collection brings diverse materials together with precision-cut patterns inspired by nature, craft, fashion, and architecture. The transparency of the cut-out metal is juxtaposed with the crisp lines and mass of the base and top, which can be specified in a variety of metal and wood finishes. With that range and six sizes, Cuff occasional tables can stand out or blend in any environment.

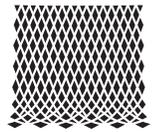

Morse Code

Wave

Polka

Basketweave

The precision-cut metal, shown in Morse Code with Polished Brass, contrasts with the white marble top.

The contrast between the Cuff occasional table in wood or metal reflects the Collection's ability to be tailored to complement varied environments.

Specifications

Side and coffee tables are available with a tapered wood or metal cylinder base and a decorative metal cuff. Tops are available in painted glass, wood, solid surface, or stone.
