Moritz

A window on comfort and style

Moritz Lounge Seating
Designers Speak Collection
 Designed by Yohandel Ruiz of RTKL

Moritz lounge seating blends natural wood with upholstery to create a look that's not unlike the modernist, cubist style of the St. Moritz Hotel in Miami. The lounge chair's angular, geometric openings flow through the design, creating a sense of strength and comfort. A window at the chair's back provides a glimpse of contrasting material as well as the structure for the piece. Upholstered seating rests atop a wooden base with slightly splayed legs.

Angular, geometric openings inform the design and highlight materials

Open arms provide comfort and an intriguing glimpse of the chair's material

The strength of the wood back contrasts beautifully with the open arms

Specifications

Wood seating available as a lounge chair and 2-seat or 3-seat sofa available with fixed cushions. The base is constructed of maple solids with double dowel construction and corner blocked legs and rails. Legs have nylon glides. The seat is constructed of multi-density polyurethane foam. Catalyzed lacquer finish in all Cumberland Maple finishes. Also available with down-wrapped seat cushions.

Options

- Finishes: Standard and custom finishes on maple
- Upholstery: Com/Col, Fabric and Elmo Leather program
- Cushions: Standard foam or optional down-wrapped seat cushion
