Solitaire

Effortless elegance, seamless simplicity

Solitaire Table
 Designed by Ini Archibong

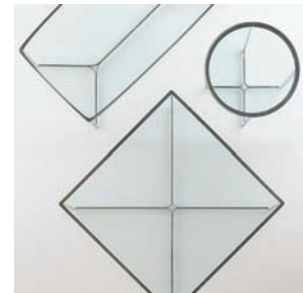

Like the other pieces in the Solitaire Collection, the tables speak—quietly—of simplicity. A range of side, coffee, and console tables can echo the themes of the seating in the collection, or they can complement other modern or classic furniture. With options in size, shape, and top material and finish, the tables can suit a variety of uses.

A wood top is set off within the polished stainless steel base like a jewel in a setting.

A stone tabletop is a durable and elegant option.

The clean, spare lines of the polished stainless steel base shine through the glass top.
