

CUMBERLAND

Highly refined, uniquely faceted

Clover Collection Lounge Seating

beautiful objects that work

Clover Collection Lounge Seating
Designed by 5d Studio

Part of the Clover Collection, this lounge chair is marked by its clean lines and uniquely faceted upholstery, especially apparent across the front seat edge. A modern take on the classic tub, this chair is available with a high or low back and with a swivel X-base or a four-legged base of wood or tubular steel. As part of a collection, Clover pieces can carry a thread of design continuity throughout a space that contains different functional environments.

An optional tablet placed on the right or left can turn a reception area into a collaboration space.

With a high or low back, Clover Lounge Seating offers base choices including four-leg options.

Specifications

Available with a low back, high back or ottoman, Clover Lounge Seating is constructed of multi-density polyurethane foam. A tablet in wood or solid surface may be placed on the left or right side. There are three base options: a solid wood 4-leg base; a tubular 4-leg stainless steel base, and a stainless steel column, self-return swivel X-base.

Options

- Upholstery: COM/COL, Graded Fabric, and Elmo Leather program
- Contrast: The seat can be specified in a different fabric than the remainder of the chair.
- Tablet: An optional swivel tablet, made of Maple, Walnut, or Solid Surface, can attach to the arm, specified to be left- or right-side facing.
- Wood Base: Maple is standard; Walnut is also available.
- Finishes: Available in any standard MP finish on Maple or any premium WL finish on Walnut; custom finishes are also available.
- Metal Base: Polished or Satin Stainless Steel is standard; Statuary Bronze is also available.
