Slide Collection Dock

Fresh forms for flexibility

Slide Collection
Dock Bench and Ottoman
Designed by David MocarSKI

The Dock Ottoman offers both visual substance and hard-working surfaces, complementing the Dock Lounge Chair or on its own. Detailed with seams and stitching, it adds both simplicity and sophistication. Casters lock when the piece is in use, yet without weight, it's easy to move. And as part of the Slide Collection, it offers the flexibility and function to support the way we work now.

For flexibility, the ottoman can act as seating or additional table surface

A 46-inch-wide bench brings visual stability and hospitality to a space

Specifications

The Dock Ottoman is fully upholstered. The seat is one-inch-thick multi-density polyurethane foam. Gliding casters, which lock when loaded, are standard.

Options:

Upholstery: COM/COL, Fabric, and Elmo Leather Program
