Solitaire

Effortless elegance, seamless simplicity

Solitaire Desk
Designed by Ini Archibong

The spare lines of the Solitaire Collection make for the simplest of desks. The refined details of the polished steel base complement the expanse of the surface, which can be wood, back painted glass, or solid surface to assume different characters. Because it's part of a collection, the desk can be supplemented with pieces that echo its jewel-setting details; it's equally elegant with other modern or classic pieces.

Given its simplicity, the Solitaire desk will never overwhelm a space.

Natural wood contrasts with the spare lines of the polished stainless steel base.

Specifications

Solitaire Desks have wood, back painted glass, or solid-surface tops affixed to a stainless steel base.
