Slide Collection Dock

Fresh forms for flexibility

Slide Collection
Dock Lounge Seating
 Designed by David MocarSKI

The Dock Lounge Chair and Ottoman bring a sense of solid comfort to the flexible, mobile environments of the Slide Collection. Sculptural in form, they add visual dimension and invite those who would like to rest, wait, or work. Casters lock when someone sits in the chair, yet it rolls freely when unoccupied.

The lines of the Dock chair echo those of other elements in the Slide Collection

Dock seating offers a visual counterpoint and a message of solid comfort

Specifications

The Dock Lounge Chair and Ottoman are fully upholstered, with seats and backs of multi-density polyurethane foam, three inches thick on the chair and one inch thick on the ottoman. Gliding casters, which lock when loaded, are standard.

Options

Upholstery: COM/COL, Fabric, and Elmo Leather Program
